I am a Python developer with a passion for problem-solving. I am actively seeking an internship opportunity to further develop my skills and gain valuable industry experience. One of my strongest skills is web scraping, and I am excited to put my abilities to work in a real-world setting.

EDUCATION

Bachelor of Information Technology
V.V.P Engineering Collage

07/2022 - Present   *Rajkot , Gujarat*

High School
G.K. DHOLAKIYA School

06/2020 - 05/2022   *Rajkot , Gujarat*

PERSONAL PROJECTS

CARS24 ANALYTICS
- Cars24 Analytics offers a powerful suite of features that empower users with actionable insights derived from extensive data analysis of car ads on Car24.
- From geographic trends to brand popularity, model year dynamics to fuel preferences, every aspect of the market is brought to life, enabling smarter decisions and strategic approaches.
- URL : http://cars24kano.pythonanywhere.com/

WebTable2Excel
- WebTable2Excel! 📊 It's a powerful tool that allows users to generate Excel files from any web table effortlessly. Simply enter the URL, and voila!
- With WebTable2Excel data extraction have never been easier. Whether you're a data enthusiast, researcher, or business professional, this tool will streamline your workflow and save you time.
- URL : http://kanolongani.pythonanywhere.com/

Leet code----Scraper
- This project involves web scraping using Selenium to extract data from multiple pages of a website.
- Specifically, the project collects problem names and acceptance rates from the website and saves this data into an Excel spreadsheet.

Youtube-API-Integration
- This project is a website that utilizes the Flask web framework and the YouTube API to provide users with a search bar for finding videos.
- The website retrieves information about the top 40-50 videos related to a user's search query, including metrics like views, likes, and comments.
- It offers a user-friendly interface for easy navigation .

SKILLS

Python   Web Scraping   Flask   Problem Solving

Selenium   BeautifulSoup   REST API   Docker

C++   SQL   HTML
